General Feedback

- "Can you give me general feedback on this piece?"
- "What are your initial thoughts on the quality of this work?"

Identifying Strengths and Areas for Improvement

- "What strengths do you see in this submission, and where can I improve?"
- "Could you highlight the most effective parts of this work and suggest areas for development?"

Alignment with Instructions and Goals

- "Does my submission fully address the task instructions and objectives?"
- "Can you identify any areas where my work may have deviated from the given instructions?"
- "How closely does my work align with the specified criteria and expectations?"
- "What parts of the assignment criteria are not fully covered in my submission?"

Clarity, Coherence, and Engagement

- "How can I make my arguments clearer and more compelling?"
- "In what ways can I improve the structure and coherence of my work?"

Depth of Analysis and Perspective

- "Can you suggest ways to deepen my analysis or expand on the concepts presented?"
- "How could I incorporate different perspectives or counterarguments?"

Creativity and Originality

- "How can I enhance the originality and creativity of my work?"
- "What elements could make this more engaging or insightful?"

Improving Language

- "Where can I improve my language use for greater impact?"
- "Can you suggest more precise vocabulary for these points?"

Correcting Errors

- "Can you point out any errors in my work?"
- "Are there any factual inaccuracies in my submission?"
